Re: California Ironworkers Field Welfare Plan  
System Updates and Reporting Requirements for all Participants

**\*\*FAILURE TO COMPLY MAY RESULT IN AN INTERRUPTION OF YOUR BENEFITS\*\***

Dear Participant:

**A new mandatory reporting law requires** that insurers exchange eligibility data with the centers for Medicare and Medicaid Services (CMS). CMS requires **plan administrators, third-party administrators and insurers to provide eligibility data including social security numbers**. Therefore, we have decided to take this opportunity to not only gather the newly required information, but also to verify the accuracy of the information on file for you and your dependents.

The enclosed form has been pre-printed with all of the information that we are required to update during this process as it currently appears in our system; however, **if the information is not currently on file, that field has been left blank and needs to be completed. Please review the form thoroughly.** Also enclosed is a form on which information should be provided for any other insurance coverage under which you and/or your eligible dependents are covered. For example, such coverage would include, but is not limited to other group coverage, Medicare or Medi-CAL. **Upon completion, please mail the signed and dated form to the Trust Fund Office in the return envelope provided within 14 days.**

**Please be advised that this form must be returned whether or not you have made any corrections. Any dependents not listed on the attached will be terminated from your coverage(s) even if they are currently eligible for benefits.**

The information obtained from this request is for our sole use and is in compliance with all state and federal guidelines for information verification and confidentiality. If you have any questions or require additional information, please do not hesitate to contact the Trust Fund Office at (800) 527-4613.

Sincerely,

Trust Fund Office
