

Introducing...

The California Ironworkers Field Welfare Plan Trustees are pleased to introduce our new health benefits program — “Reinforcing Smart Choices.” The program’s name says it all — we want to help you make smart choices when it comes to your benefits.

From now on, when we have new health care benefits information to share with you, it will have this logo — our brand — prominently attached so you know the message is important for you and your family.

The flyer included in this envelope is the first of a series of very important messages regarding upcoming changes to your benefits in 2012.

Please read it carefully. Soon we will be sending more flyers and a program overview brochure. These communications are designed to explain what’s changing and what you must do to make smart choices in 2012.

The Trustees are committed to your health and well-being. Together, we’re “Building a Bridge to Health **and** Reinforcing Smart Choices.”
